

Rule Book Update Briefing **November 2017**

Think Safe, Act Safe and Be Safe

Our Safety Vision:

- Our vision of “preventing harm to all” is at the centre of our Safety Strategy and is synonymous with our commitment to resourcing and working safely.
- We believe that our vision can be achieved if we all develop a safe mind-set, plan our tasks correctly and actively seek ways to prevent incidents. We also believe that behaving in a safe way will also lead to zero accidents. We have devised a set of rules that underpins our vision and are consistent with our mantra. **Think safe, act safe and be safe!**

Think Safe, Act Safe and Be Safe

Updates to the Railway Rule Book

- The rail industry has devised a set of rules and practices to ensure it operates as safely and as effectively as possible. You may already know a lot of these rules and practices, most of which you have learnt on courses. The rules and practices are documented in a range of Manuals, Rulebooks and Handbooks. It is important to have access to such documents.
